

This is to certify that

British Engines Limited & Subsidiary Companies

11 Glasshouse Street, St Peters, Newcastle, NE6 1BS, UK

Has been assessed

by Paul Stewart for Pen Test Partners LLP
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: British Engines Limited & Subsidiary Companies

Certification date: September 11th, 2019

Recommended re-assessment date: **September 10th, 2020**

Certificate no.: 1834742255190198

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
